Comments on Vaccination DEIS to Dr Donch

Don

① We cannot pay transportation costs

② For lifted animals we pay appraised value - net coverage we pay the difference

③ For condemned animal we pay full appraised price - we can't pay negative debit -> would end up paying more than appraised value for that cow

④ As soon as all breeding herd animals are accounted for and dead -> start indemnity process

⑤ Cannot worry about what 3i might do until they make an official contact. Other hole care is indemnity. States hold card is quarantine but lawyers will have to decide if herd plan is legally binding for us.

Bill Burton to C.O. from quick appraisal by State attorney says 3i herd plan is not binding to the State

⑥ Only proactive thing C.O. can do is find out in what fashion a herd plan is binding to APHIS
